

CALL FOR AWARD CANDIDATES:

HONORING OUR ITS-CT MEMBERS

At its Annual Meeting, ITS-CT presents awards to members whose work demonstrates excellence and innovation. Whether you are from the private, government or non-profit sectors, we want to recognize what you have done to use ITS to improve the transportation system and to improve the quality of life.

Last year's awards were in the categories of: ITS Outstanding Achievement, ITS Leadership and ITS Outstanding Project of the Year. Recipients were from both the private and public sector members, covering both highways and public transportation

Programs and projects do not have to be implemented in Connecticut in order to be eligible, as long as they are done by an ITS-CT member: the talent and resources of our members should be recognized, no matter what part of the nation, and the world, they benefit.

Members are encouraged to be expansive in suggesting award candidates. One award last year was for an over height vehicle detection system. Another was for the Statewide ITS Architecture. Still another was for a bus transit security system. As you see, whether it's research, planning, design, implementation or operations, ITS-CT members are having a major impact on the world around them.

While the annual meeting is in the Fall, members are encouraged to submit candidate projects throughout the year.

Please send your nominations to:

Matt Edelman, Awards Committee Chair
TRANSCOM
111 Pavonia Avenue – 6th floor
Jersey City, NJ 07310
Edelman@xcm.org
201-963-4033 (F: 201-963-8376)

It is important to remember that members should feel free to nominate work being done by their own organizations. Don't be modest! If you are unsure about whether or not to suggest a candidate, don't hesitate to call Matt to discuss it.

We look forward to celebrating excellence in ITS at our annual meeting.
